

Clyde KNOWLAND

As he spent hours on Parisian rooftops, Clyde Knowland finalized a painting technique halfway between calligraphy and drawing. His very gestural work tends to reproduce in an almost abstract way what he calls "an urban jungle" and its energy. Sometimes totems or tribal figures comes out of his paintings as buildings and skyscrapers, to give life to these chaotic and inhuman landscapes.

BIOGRAPHY

Born in 1976 in Brussels. Clyde Knowland lives and works in Brussels.
