Press Release

We are pleased to invite you to the new solo show of our flagship artist Edouard Buzon at our gallery in Paris 16.

His urban landscapes give a second breath of life through a powerful and light varnish. The artist uses bright colors, warming these desolate landscapes. He inlays different elements of nature, flowers, tribal symbols in order to create a unique atmosphere, a universe around these places.

You are welcome to participate in the vernissage of the exhibition on Wednesday, March 15, from 19h. The artist will present a video clip produced in his studio, as well as his special edition.
