Press Release

Our exhibition will let you travel through Reinhard Gorner, Florent Touchot and Silvia Calmejane's different universes.

Libraries are the best places to escape through dream and fantasy; those ones shoot by Reinhard Gorner convey a great impression due to their acuteness. Check out his brand new photographs.

Florent Touchot's work is characterized by urbanism and pop art; his delightful artworks are dynamic and colorful. The artist transforms posters, creating a structured and coherent whole with layers of collages and photographs on a plexiglass pattern.

Silvia Calmejane regards art as an outlet where bright colors and unfettered movements evoke an exotic universe. Influenced by street art as well as by Jean Dubuffet or Jean-Michel Basquiat, she persistently calls out, provokes and entertains the artgoer.
