From 05 March 2020 to 15 April 2020

Press Release

At the time Nikon is launching its famous Film Festival, we too wanted to put the spotlight on photography. Landscapes as far as the eye can see, richly decorated interiors, heights and depths... are so many settings that can be enhanced by simply triggering the small black box. From March 5 to April 15, come and admire the prowess of our photographers, constantly in search of new techniques to sublimate their subjects.
