Cedrick Vannier is a french artist and a great painter of landscapes. The artist delivers fragments of reality though his paintings. In Amsterdam, Robbert Fortgens divides his works in 2 parts as the mind & the body or the action & the creation, the photographed figures and textured painted wood are clear, monochrome and bright. Back to France, we met a complete artist, Nicolas Dubreuille : graphic designer, sculptor and painter who creates outstanding biomorphic sculptures and geometric paintings that are reminiscent of the suprematism art movement. Helene Courset shows graphic and poetic paintings, with rythm and abstract themes. Her work asks about balance, form and meaning, duality which takes part in every aspect of life.
