Press Release

Through our new exhibition, our artists invite you to travel between two worlds ; from Didier Fournet's vibrant city to Edouard Buzon's personal travel diary.

Didier Fournet continues his quest for time, and brings us with him from Brazil to New York. His meticulous work shows us the city from the perspective of his digital Hasselblad and his countless collages.

Edouard Buzon offers you a story with several chapters paved with wild animals, cities and silhouettes. He invites you to create your own story and travel in turn.
