Press Release

Spring is the season that brings out the diversity of nature, from the gushing of streams to the melodies of birds. The plant world comes back to life after months of immobility and this gives artists the opportunity to praise its beauty. We have gathered the works of four artists who, in all seasons, are inspired by the vegetation that surrounds them. Discover the latest photographic still lifes by Charlotte Fröling, Peter Hoffer's tree portraits, Peter Keizer's raised flowers and Patricia Erbeling's more ethereal ones.
