Press Release

The accumulation of bits and pieces found on trips, at flea markets or in the street, objects received as gifts, souvenirs gleaned over time... it's not very Marie Kondo (to quote the now famous programme that advocates minimalism and frugality)! But there is something pleasurable when the eye is attracted by a profusion of details, when the mind is solicited by the most infinitesimal recurrences. In the works of our selection this week, the precision is remarkable, the accumulation palpable and the generosity unparalleled. Less is more, or more is more?
