Press Release

From the Victory of Samothrace to the Wings of Desire, from the City of Angels to Michelangelo's cherubs... Art history is full of these winged spirits. The creatures we call angels are immaculate, pure, benevolent and gentle beings. Messengers of divine power, their wings enable them to navigate between the heavens and the earth, but above all to make us mere mortals dream, and our artists are inspired by them all the same. And when love is dead, I'm loving angels instead...
