Press Release

Sous le ciel de Paris, s'envole une chanson... It was true in Edith Piaf's day, and it remains true today: the Paris sky is an enchantment. Oscillating from blue to grey, with touches of yellow, it reflects off the mythical slate roofs and windows of Parisian flats with grace. When there is a beautiful sunset, everyone stops on the bridges over the Seine or on their balcony to admire its beauty, and even when it is grey, we cannot get enough of the ballet of clouds over the Haussmann buildings. This week, our selection is decked out in the colours of the Parisian sky, sure to please lovers of the City of Light.
