Press Release

Ancient invocations, voodoo rituals, botanical secrets, cartomancy... Black magic is a mysterious and disconcerting world. Even the most Cartesian minds sometimes have to admit that certain things escape all logic, as if the universe, with a mischievous wink, were having fun muddying the waters. Through our selection of works, we invite you to explore these occult practices that have inspired fear as much as creation. Here, mystical symbols rub shoulders with the aesthetic, and the strange becomes sublime. It's a kind of magic...
