Press Release

It's not winter yet, but the first snows have already covered the Alps with a delicate veil. These suspended moments, where silence settles like a caress, have made us want to dive into the palette of winter colours: misty whites, water greens, ice blues. These shades invite you to wrap yourself in a blanket, savour mountaineers' tales by the fireside, or enjoy a sauna while snowflakes gently settle on the treetops. So make yourself a cup of hot chocolate, settle down comfortably and let yourself be carried away by this gentle selection. Let it snow, let it snow, let it snow...
