From 08 December 2025 to 14 December 2025

Press Release

Ricardo Bofill, a leading figure in Catalan architecture, had this simple intuition: plants are what bring raw materials to life. Inspired by this idea, we present a selection of works that explore the power of plants, their poetry, their calming presence, and their essential role in creating spaces that breathe and come alive. Whether you prefer monsteras, palm trees or flowers, plants blend beautifully with concrete, raw materials and all architectural forms seeking a soul.
