Press Release

The sand dunes stretch as far as the eye can see, whilst the sky gazes down upon us in all its vastness… Have you ever spent a night in the desert? Nothing makes you feel more infinitely small. It’s an experience that puts life into perspective: observing the tiny grains of sand, observing ourselves, gazing at the stars, and realising that the entire universe is made of the same substance. Our artists have also drawn inspiration from this atmosphere in this week’s selection: an invitation to calm, serenity and exploration.
