Press Release

Some works seem to elude complete comprehension. A silhouette vanishes at the edge of the frame, a gaze drifts beyond our field of vision, an unfinished form suggests a space we will never see. It is in this tension between the visible and the invisible that mystery arises. This selection explores the power of the off-screen space and open compositions: images that spill beyond their boundaries, inviting our imagination to continue the narrative beyond the canvas, the photograph or the drawing. For sometimes, what escapes the eye is just as important as what is presented to it.
