Press Release

Now that we're well into autumn, what could be better than brightening up the grey days with touches of pink? From fuchsia, which perks up a dreary day, to old rose, which envelops everything in a gentle melancholy, there are a thousand ways to incorporate this colour and let it take centre stage. Perhaps it's a way of reminding ourselves that grey skies don't preclude a touch of whimsy, and that colour can also be a matter of mood. So this week, we've decided to see life through rose-tinted glasses without waiting for the distant return of spring.
